

**PATIENT ONLINE: REGISTRATION FORM:
 ACCESS to GP online services**

Please complete this form and hand it to the practice, please also provide your proof of identity. Once we have received your form and seen the necessary proof of identity we will print you a registration letter which you can use to register for your on-line account and post this to you. Please note that each individual family member would need to complete this application form as each individual needs to have their own account.

Please note that we only provide online access to patients over the age of 18

Patient Online: Records Access

Patient information leaflet 'It's your choice'

If you wish to, you can now use the internet to book appointments with a GP, request repeat prescriptions for any medications you take regularly and look at your medical record online. You can also still use the telephone or call in to the surgery for any of these services as well. It's your choice.

Being able to see your record online might help you to manage your medical conditions. It also means that you can even access it from anywhere in the world should you require medical treatment on holiday. If you decide not to join or wish to withdraw, this is your choice and practice staff will continue to treat you in the same way as before. In general this decision will not affect the quality of your care.

You will be given login details, so you will need to think of a password which is unique to you. This will ensure that only you are able to access your record – unless you choose to share your details with a family member or carer.

It will be your responsibility to keep your login details and password safe and secure. If you know or suspect that your record has been accessed by someone that you have not agreed should see it, then you should change your password immediately.

If you can't do this for some reason, we recommend that you contact the practice so that they can remove online access until you are able to reset your password.

If you print out any information from your record, it is also your responsibility to keep this secure. If you are at all worried about keeping printed copies safe, we recommend that you do not make copies at all.

The practice has the right to remove online access to services for anyone that doesn't use them responsibly.
